

Company Profile

Tsurumi Sunmarine Co.,Ltd.

OUR HISTORY

Our previous company named "Tsurumi Yuso Co.,Ltd." was established in August 28 1947 in Tokyo with the paid-up capital of 200 million yen for the purpose of the marine transportation of petroleum products and it merged with specialized coastal company named "Sunmarine Co.,Ltd." As of October 1 ,2000 with paid-up capital of 392 million yen.

At an early stage, Tsurumi Yuso Co.,Ltd. started the domestic transportation business with the National Petroleum Distribution Organization and also commenced business with "Caltex Oil", Japan to supply bunker fuel for ocean-going vessels.

When the private oil refineries in Japan started production again, the company was nominated as an authorized contractor by major oil corporations such as Mitsubishi Oil Co.,Ltd., Nippon Oil Company Ltd.(now ENEOS Corporation) Cosmo Oil Co.,Ltd. In line with the growing petroleum demand, our sales activities were rapidly expanded and the branch offices / sales offices were opened in various locations to with the increased coastal tanker tonnage requirements.

In addition to the above, our overseas business department handles marine transportation business of petroleum products, Molasses, Animal, Vegetable Oil and Chemicals mainly for the Far-East Countries, the South-East Asian Countries. In December 1982, the company has been transporting considerable volumes of petroleum products in line with the increased imported products.

In December 1983, the company engaged in the coastal transportation business of general cargo for further development. In May 1988, we established an affiliated company in Singapore for strengthening our overseas business department activities.

Now we handle approximately 150 of Coastal Tanker and 17 of Ocean Going Tanker in Japan.

Corporate Philosophy

"We Contribute to Society through Energy Transport"

Putting "Safe Transport First," we offer services our customers want and need.

We strive to reduce both our burden on the global environment and to eliminate environmental pollution.

We work constantly to improve our services with creative solutions.
